

Med-On-Site Inc.

Comprehensive Medical oversight for your Trade Show, Conference, Concert, Convention and more!

Our goal for every event and business partner is for you to achieve your goals by creating a safe, efficient environment to deal with issues that arise. Our staff is comprised of event medics and registered nurses who operate under our physician's medical delegation. This allows the highest level of care outside of a hospital. In addition, the customer focused approach to our services mitigates risk and significantly decreases any impact of business operations.

Number of medics is derived from the Risk Assessment Algorithm which considers all your event details and risk factors and based on past precedent and best practice will recommend the appropriate staffing level.

Event medic's uniforms are versatile from traditional Paramedic uniforms to business casual attire.

To book a medic or if you would like more information please contact:
